Vehicle Description:

The Kubota RTV900 Diesel was fully operational the day of consignment. The bed of the Unit is a hydraulic power dump bed with driver side controls. The Left Front CV shaft has minor popping while in 4x4 and turning sharp (see videos). The dash has a undermounted unit heater as well. The seat bottom does have minor wear and wood decay on the backside (see pictures). Personal Inspections are recommended. Call Joe Morris to schedule a appointment for personal inspections.
