**Product Description:**

- This listing is for a quantity of 20 Pelican Storm Case IM2075 weatherproof boxes.
- These were used as battery storage boxes and have been modified with a weatherproof wire penetration through the case.
- The wire has been cut on both sides of the box and the connection is still intact (see pictures).
- These would make great ammo storage boxes or D-Day preparation boxes.

- Personal Inspections are recommended.
- Boxes are located at Gavel Roads office for personal inspections prior to auction day.
