Product Description:

- This lot contains a 1988 Mack Truck Tandem Axle 6x4 Dump Truck.
- The dump truck appeared to be in good usable condition but the A/C belt was missing.
- The endgate for the dump has been removed to haul a water tank but it is included with the truck and appears to be in good usable condition.
 - The water tank and the contents of the bed are **not included** with the truck.
- The Mack Engine was replaced with a remanufactured motor not too long ago.
- The power steering was slow to respond while driving.
- Contact Ken Stitt to schedule your personal inspection prior to auction ending.
- Personal Inspections are Recommended.
