Product Description:

- This lot contains a PTO Driven Pull-Type Manure Spreader Trailer.
- The manure spreader appeared to be in complete condition but the tires are dry rotted and they will need to be replaced to be in usable condition.

- The drive chain has been disconnected so it disengages the manure spreader system while it is being towed (see pictures).
- Personal Inspections are Recommended.

Pickup:

The seller requires a minimum 48 hour notice prior to pickup/load out after the auction ends. The seller does have equipment available to assist with loading.
