Product Description:

- This lot contains a 1919 Victor-Victrola Phonograph.
- Model VV-XI; Serial Number 540764
- The phonograph appeared to be in good working condition during consignment.
- See pictures and videos for more details.
- Personal inspections are recommended.
- ***INTERESTING FACT: Note that the "horn slats" on a Victrola (the ones that open and close just below the lid on most models) are NOT record storage shelves. The

slots are there to direct the sound toward the user, and the doors are opened and closed to control the volume. Store your records in the bottom of the cabinet, not in the horn slats.*** from victor-victrola.com
